PROFESSIONAL SUMMARY

I'm a passionate Full Stack Developer with hands-on experience in HTML, CSS, JavaScript, and PHP, creating smooth and engaging web experiences. I build dynamic applications using React and Node.js, with a strong understanding of JSON and real-world project development. I also work with Git and GitHub for efficient version control and collaborative coding. Alongside that, I have a solid foundation in Python and C++, which helps me write efficient and reliable code. I'm a quick and curious learner, always excited to explore new technologies—every line of code is a chance to solve problems creatively and grow.
